

SURFACE VEHICLE STANDARD

J1109™

DEC2019

Issued	1975-05
Reaffirmed	2007-08
Revised	2019-08
Stabilized	2019-12

Superseding J1109 AUG2019

Component Nomenclature - Articulated Log Skidder, Rubber-Tired

RATIONALE

The SAE Standard covers technology, products, or processes which are mature and not likely to change in the foreseeable future.

STABILIZED NOTICE

This document has been declared "Stabilized" by the SAE MTC4, Forestry and Logging Equipment Committee and will no longer be subjected to periodic reviews for currency. Users are responsible for verifying references and continued suitability of technical requirements. Newer technology may exist.

SAE Technical Standards Board Rules provide that: "This report is published by SAE to advance the state of technical and engineering sciences. The use of this report is entirely voluntary, and its applicability and suitability for any particular use, including any patent infringement arising therefrom, is the sole responsibility of the user."

SAE reviews each technical report at least every five years at which time it may be revised, reaffirmed, stabilized, or cancelled. SAE invites your written comments and suggestions.
