

SURFACE VEHICLE RECOMMENDED PRACTICE

J284™

JUN2026

Issued 1972-12
Revised 2016-08
Reaffirmed 2021-10
Stabilized 2026-06

Superseding J284 OCT2021

Safety Alert Symbol for Agricultural, Construction, and Industrial Equipment

RATIONALE

The technical report covers technology, products, or processes which are mature and not likely to change in the foreseeable future. The guidance in SAE J284 is already covered by ISO 3864-2 and ANSI Z535.4, which are widely adopted global standards for safety labeling and symbols. As a result, maintaining a separate SAE document is unnecessary. SAE J284 retains value as a legacy reference, and assigning Stabilized status reflects that it will remain unchanged unless a future need is identified.

STABILIZED NOTICE

This document has been declared "STABILIZED" by SAE HFTC2, Machine Displays and Symbols Committee and will no longer be subjected to periodic reviews for currency. Users are responsible for verifying references and continued suitability of technical requirements. Newer technology may exist.

SAE Executive Standards Committee Rules provide that: "This report is published by SAE to advance the state of technical and engineering sciences. The use of this report is entirely voluntary, and its applicability and suitability for any particular use, including any patent infringement arising therefrom, is the sole responsibility of the user."

SAE reviews each technical report at least every five years at which time it may be revised, reaffirmed, stabilized, or cancelled. SAE invites your written comments and suggestions.

1. SCOPE

This SAE Recommended Practice covers the safety alert symbol intended for use on construction and industrial equipment as defined in SAE J1116 and on agricultural tractors and machinery as defined in ASABE S390.

1.1 Purpose

1.1.1 To provide a symbol which means ATTENTION! BECOME ALERT! YOUR SAFETY IS INVOLVED!

2. REFERENCES

2.1 Applicable Document

The following publication forms a part of this specification to the extent specified herein. Unless otherwise indicated, the latest issue of SAE publications shall apply.

2.1.1 SAE Publications

Available from SAE International, 400 Commonwealth Drive, Warrendale, PA 15096-0001, Tel: 877-606-7323 (inside USA and Canada) or 724-776-4970 (outside USA), www.sae.org.

SAE J1116 Categories of Off-Road Self-Propelled Work Machines

2.1.2 ASABE Publications

ASABE S390 Definitions and Classifications of Agricultural Field Equipment
