SAE Technical Board rules provide that: All technical reports, including standards approved and practices recommended, are advisory only. Their use by anyone engaged in industry or trade or their use by SAE members, or by anyone engaged in industry or trade, is entirely voluntary. There is no agreement to adhere to any SAE standard or recommended practice, and no commitment to conform to any technical report. In forming and approving technical reports, the Board and its Committees will not investigate or consider patents which may apply to the subject matter. Prospective users of the report are responsible for protecting themselves against liability for infringement of patents.

SAE reviews each technical report at least every five years, which time it may be reaffirmed, revised, or cancelled. SAE invites your written comments and suggestions.
