General Specification		GS EP PVV 149
Spring hangers and supports		
Rev.: 04	Effective date: 11/2017	Page: 3 of 10

1. Scope

This document applies to the supply of piping spring hangers and supports - of either variable or constant types - and specifies requirements in term of design, fabrication, inspection and shipment. As a basis, these spring supports and hangers shall comply with [MSS SP-58](#) in conjunction with [GS EP PVV 119](#).

2. Reference documents

The reference documents listed below form an integral part of this General Specification.

External Documents

Unless otherwise stipulated, the applicable version of these documents, including relevant appendices and addendums, is the latest revision published at the effective date of this document.

Reference	Title
ASME B31.3	Process Piping
EN 10204	Metallic products - Types of inspection documents
MSS SP-58	Pipe Hangers and Supports - Material, Design, Manufacture, Selection, Application and Installation

Total General Specifications

Unless otherwise stipulated, the applicable version of these documents, including relevant appendices and addendums, is the latest revision published.

Reference	Title
GS EP PVV 119	Design and fabrication of metallic piping supports - Standard for piping supports
