General Specification		GS EP STR 602
F(P)SO - Requirements for the Certification of Compliance with International Maritime Conventions		
Rev.: 03	Effective date: 11/2016	Page: 4 of 12

1. Scope

The purpose of this specification is to define the minimum requirements for the certification of compliance of F(P)SO with the international maritime conventions. It covers both the F(P)SO in towing phase and the F(P)SO in operation phase. It is applicable for both new-built and converted F(P)SO.

The minimum requirements of this specification correspond to a non-disconnectable F(P)SO. If the F(P)SO is disconnectable, additional requirements shall be developed in the Project Particular Specifications considering the F(P)SO as a ship when it is disconnected.

2. Reference documents

The reference documents listed below form an integral part of this General Specification.

External Documents

Unless otherwise stipulated, the applicable version of these documents, including relevant appendices and addendums, is the latest revision published at the effective date of this document.

Reference	Title
AFS 2001	International Convention on the Control of Harmful Anti-fouling Systems on Ships, 2001
BWM 2004	International Convention for the Control and Management of Ships' Ballast Water and Sediments, 2004
ESP Code 2011	International Code on the enhanced programme of inspections during surveys of bulk carriers and oil tankers, 2011
FSS Code	International Code for Fire Safety Systems
HONG KONG SRC 2009	Hong Kong International Convention for the Safe and Environmentally Sound Recycling of Ships, 2009
IBC Code	International Code for the Construction and Equipment of Ships carrying Dangerous Chemicals in Bulk
ICLL 1966	International Convention on Load Lines, 1966
IGC Code	International Code for the Construction and Equipment of Ships Carrying Liquefied Gases in Bulk
IHR (2005)	International Health Regulations, 2005
ISPS Code	International Ship and Port Facility Security Code
MARPOL 73/78	International Convention for the Prevention of Pollution from Ships, 1973, as modified by the Protocol of 1978 relating thereto
MODU Code	Code for the Construction and Equipment of Mobile Offshore Drilling Units
NOx Code	NOx Technical Code
