GS EP TEL 161

Design and installation of audio/video and Internet entertainment system

05	10/2009	General Revision
04	10/2008	Standards update and corrections
03	10/2005	Addition of EP root to GS identification
02	03/2004	General revision
01	10/2003	Change of Group name and logo
00	05/2001	First issue
Rev.	Date	Notes

Contents

1. Scope	3
2. Reference documents.....	3
3. System description	4
3.1 Hazardous areas	4
3.2 Entertainment system description.....	4
3.3 Emergency announcement alarm.....	5
4. Equipment characteristics	5
4.1 Antennas - Signal reception.....	5
4.2 Local signal sources	5
4.3 Broadcast equipment.....	6
4.4 Internet access	6
4.5 Cabins.....	6
4.6 Public rooms (dedicated to video entertainment)	7
4.7 Public rooms (non-dedicated to video entertainment)	7
4.8 Installation.....	7
4.9 Power supply	7
4.10 Labelling	7
4.11 Test equipment.....	8
5. Installation rules.....	8
6. Quality control	8
6.1 Factory acceptance test.....	8
6.2 Commissioning	8
Appendix 1 Glossary.....	9

1. Scope

This document defines the requirements for the design of the Audio/Video and Internet Entertainment System on onshore/offshore production sites or onshore living compounds on non-production sites.

For the latter, all the points related to Pa/Ga won't be taken into account.

The verbal forms used to indicate levels of requirement are specified in [ISO/IEC Directives, Part 2](#) and [Characteristics of good requirements](#), INCOSE Symposium 1996.

2. Reference documents

Where national regulations exist, their provisions and those of the standards and codes to which they refer shall apply, supplementing or amending the provisions of this document.

If there are no national regulations covering all or part of the subject of this document, the reference documents shall be strictly applied, as supplemented by the provisions of this document.

Only the main reference documents are mentioned; the CONTRACTOR shall be responsible for complying with all secondary reference documents dealing with the subject of this document.

The reference documents listed below form an integral part of this General Specification. Unless otherwise stipulated, the applicable version of these documents, including relevant appendices and supplements, is the latest revision published at the EFFECTIVE DATE of the CONTRACT.

Standards

Reference	Title
ATEX directive 94/9/CE	Equipment and protective systems intended for use in potentially explosive atmospheres
EN 50081-2	Electromagnetic compatibility. Generic emission standard
EN 50082-2	Electromagnetic compatibility. Generic immunity standard
ITU-R BT	Colour television standard (PAL, SECAM, NTSC, etc.)
ISO/IEC Directives, Part 2	Rules for the structure and drafting of International Standards
