Chapter 1

Introduction

- 1.1 This document is for ADR applicants and potential applicants. It sets out the CAA's policy on ADR applications which are either refused or granted with specific conditions attached.
- 1.2 There may be occasions where the CAA refuses an Applicant their request for approval as an ADR entity; or where the CAA is minded to approve an Applicant for ADR entity status but with specific conditions attached. This process will be followed should the Applicant wish to lodge an appeal against such decisions of the CAA.
- 1.3 Once an approval is granted there may be situations where the CAA wishes to add some conditions to that approval or to withdraw the approval¹ entirely. This is the process which will be followed should the ADR entity wish to lodge an appeal against the addition of conditions or withdrawal of approval. It should be noted that during the time from withdrawal of approval pending the appeal hearing, the withdrawal of approval will be in effect. The conditions will also be added and in effect pending the hearing.
