Appendix 1: Aircraft rating requirements 8

Appendix 2: Sample Certificate of Completion / Compliance Report 9

1. Definitions

GM definitions:

OJT: On the Job Training within a Part 145 or M.A. Subpart F organisation.

Practical Training: Practical Instruction delivered in Part 147 approved course.

Simulators: Devices that mimic real aircraft operations.

Certificate of Recognition: Part-147 document used to demonstrate successful completion of approved Theory and Practical training only.

GM Appendix 1 definitions:

Type training: Combination of Theoretical and Practical training.

Practical experience: Logbook evidence of type interactions such as CAP741.

Type examination: Written examinations consisting of multi choice questions. Oral examination for types that are not supported by dedicated Part-147 Type training and carried out by the competent authority.
