1 Introduction

- 1.1 This Information Notice is to highlight the recent publication of the UK Strategy for Human Factors in Civil Aviation and the supporting consolidated response document. It has come to our attention that you may have not received a notification on the date of publication.
- 1.2 The strategy outlines the CAA's aims and direction in promoting and understanding Human Factors in the interest of improving aviation safety and can be found at www.caa.co.uk/humanfactors.

2 Scope

- 2.1 The strategy has a broad scope covering everyone that has an impact on flight safety. This ranges from the design and manufacture stage of aircraft and equipment, to the end user and all those who are involved in between.

3 Consolidated Response

- 3.1 In response to the [consultation](#) a number of changes have been made to the strategy. In line with IN-2013/113, a detailed comment response document was not produced. However, a [consolidated response](#) outlining overall changes to the strategy has been produced and is published with this strategy.
