1 Introduction

- 1.1 A revision to a small fillet of controlled airspace to the southeast of the Isle of Wight, known as the 'Pompeii Triangle', will become effective on 18 September 2014.

2 Scope

- 2.1 The revised area of controlled airspace lowers the base level from FL 125 to FL 105, reduces the size of the existing fillet as the southern boundary is re-aligned with the northern boundary of EGD 037 (currently within EGD 037). The operating hours are amended to an H24 operation. For promulgation purposes, the fillet is re-assigned to airway L980.

3 Implementation

- 3.1 The change will be implemented with AIRAC10/2014 on 18 September 2014. UK AIP amendments promulgating this change will be distributed on 7 August 2014 together with an AIC Y077/2014. [The Safety and Airspace Regulation Group Decision Letter](#) has been uploaded to the CAA Website.
