1. Introduction

- 1.1 CAA International (CAAi) would like to announce the availability of this training course title.

2. Scope

- 2.1 This 1 day course intends to provide participants with guidance when working with Suppliers, Sub-contractor Partners, Vendors and the Procurement staff they interact with, within Approved Organisations. This will enable delegates to undertake a more effective review of contracts and purchase orders. Delegates will gain an understanding of essential aviation requirements
- 2.2 By the end of this course participants will increase their awareness of the requirements of suppliers and subcontractors to Part 21 Organisations of the regulations to which they must comply.
- 2.3 The objectives are as follows:

Reduce the number of rejected parts in the long term. In the short term an increase would be expected due to the greater awareness

- Reduce number of Non-conforming parts
- Improve safety within the production industries
- Improve awareness of Supplier and Subcontractor understanding of the importance of compliance with the contract placed with them without deviation
- Greater understanding of the obligations of the Production Organisations under EU law

Key Topics

- Aviation regulations
- Overview of applicable EASA Part 21 Regulation
- Supplier control to meet Part 21G requirements
- POA Organisation responsibilities
- Airworthiness
- Practical examples of Contract & Purchasing issues and how to avoid potential problems
