1. Introduction

- 1.1 CAA International (CAAi) would like to announce the availability of Dangerous Goods Inspector Theory course.

2. Scope

- 2.1 This three day course intends to provide participants with the necessary theoretical knowledge needed to fulfil their regulatory role. Based on the UK CAA's own training programme for its Dangerous Goods Inspectors, this course is designed to provide the basis of knowledge required prior to embarking on practical training and on-the-job training
- 2.2 By the end of this course participants will demonstrate understanding of the following through use of effective presentations, visual aids, interactive discussion and practical syndicate activities;
 - ICAO Annex 18 and key areas of the Technical Instructions and Supplement
 - The resulting responsibilities of states
 - What constitutes as dangerous goods and the ways in which it should be packed, marked and shipped together with suitable documentation
 - Who is involved in the transportation of Dangerous Goods and their responsibilities
 - Responsibilities during dangerous goods emergencies
 - Which dangerous goods can be shipped including areas that need to be covered when auditing the appropriate organisations to ensure that procedures and documentation are compliant
