

CAA Overseas Travel Time Rates

United Kingdom
Civil Aviation Authority

Publication Date: 01 June 2018

(Last updated with new destinations and revised prices: 01 June 2018)

Overseas Travel Time charge

In accordance with the CAA Schemes of Charges, the Overseas Travel Time rates will be applied in respect of regulatory staff travelling outside of the United Kingdom. These rates represent the time travelling between the UK and the non-UK destination for CAA staff to undertake their regulatory activities. The time spent travelling is not recovered through any other charging mechanism or rates. The rates apply to each person travelling.

All rates will be reviewed annually, but the list may be updated during the year as and when new destinations are identified. As from 1 June 2018, the prices have been increased by 2.6% being in line with the general price increase across all the CAA Schemes of Charges that were implemented with effect from 1 April 2018.

The appropriate rate(s) will be incorporated within CAA invoices raised to recover overseas travel and related expenditure.

Please note that there may be additional overseas travel and related expenditure for costs incurred such as air fares, hotel accommodation, etc. which will be in addition to the overseas travel time charge.

The following table contains the destinations to which our staff may have to travel in order to carry out their regulatory duties.

Overseas Travel Time Rates to apply as from 1 June 2018
