

Subject 1

July 21, 2017

SUMMARY OF TOPICS

The following topics for the Standard for Flexible Metal Conduit, UL 1, are being recirculated:

1. Eliminate Minimum Strip Thickness for RWFMC and Removal of XRWFMC

COMMENTS DUE: August 4, 2017

For your convenience in review, proposed additions to the previously proposed requirements dated (2017-05-12) are shown underlined and proposed deletions are shown ~~lined-out~~.

1. Eliminate Minimum Strip Thickness for RWFMC and Removal of XRWFMC

Responses to comments have been posted within the UL 1 Proposal Review Work Area dated (2017-05-12). No changes have been made to the previously proposed revision. Note that the purpose of a recirculation of comments only is intended solely to provide STP members the opportunity to review the comments and responses, and to either reconsider their vote or cast a first-time vote. New comments on the previously proposed revision for this Topic will not be provided with a specific response. Any additionally desired changes should be submitted as a new proposal request via CSDS.
