STANDARD FOR SAFETY

Elevator Door Locking Devices and
Door or Gate Closed Detection Means

UL Standard for Safety for Elevator Door Locking Devices and Door or Gate Closed Detection Means, UL 104

Twelfth Edition, Dated November 30, 2023

Summary of Topics

This new Twelfth Edition of ANSI/UL 104, Standard for Elevator Door Locking Devices and Door or Gate Closed Detection Means, dated November 30, 2023 is being issued as first time UL/CSA bi-national standard.

The requirements are substantially in accordance with Proposal(s) on this subject dated June 23, 2023.

Commitment for Amendments

This standard is issued jointly by the Canadian Standards Association (operating as “CSA Group”) and ULSE Inc. (ULSE). Comments or proposals for revisions on any part of the standard may be submitted to CSA Group or ULSE at anytime. Revisions to this standard will be made only after processing according to the standards development procedures of CSA Group and ULSE. CSA Group and ULSE will issue revisions to this standard by means of a new edition or revised or additional pages bearing their date of issue.
