UL Standard for Safety for Fabricated Scaffold Planks and Stages, UL 1322

Sixth Edition, Dated March 31, 2010

Summary of Topics***This revision of ANSI/UL 1322 includes the addition of welded frame and system scaffold assemblies tests.***

Text that has been changed in any manner or impacted by UL's electronic publishing system is marked with a vertical line in the margin. Changes in requirements are marked with a vertical line in the margin and are followed by an effective date note indicating the date of publication or the date on which the changed requirement becomes effective.

The new and revised requirements are substantially in accordance with Proposal(s) on this subject dated November 5, 2010.

All rights reserved. No part of this publication may be reproduced, stored in a retrieval system, or transmitted in any form by any means, electronic, mechanical photocopying, recording, or otherwise without prior permission of UL.

UL provides this Standard "as is" without warranty of any kind, either expressed or implied, including but not limited to, the implied warranties of merchantability or fitness for any purpose.

In no event will UL be liable for any special, incidental, consequential, indirect or similar damages, including loss of profits, lost savings, loss of data, or any other damages arising out of the use of or the inability to use this Standard, even if UL or an authorized UL representative has been advised of the possibility of such damage. In no event shall UL's liability for any damage ever exceed the price paid for this Standard, regardless of the form of the claim.

Users of the electronic versions of UL's Standards for Safety agree to defend, indemnify, and hold UL harmless from and against any loss, expense, liability, damage, claim, or judgment (including reasonable attorney's fees) resulting from any error or deviation introduced while purchaser is storing an electronic Standard on the purchaser's computer system.

The requirements in this Standard are now in effect, except for those paragraphs, sections, tables, figures, and/or other elements of the Standard having future effective dates as indicated in the note following the affected item. The prior text for requirements that have been revised and that have a future effective date are located after the Standard, and are preceded by a "SUPERSEDED REQUIREMENTS" notice.

The following table lists the future effective dates with the corresponding item.

Future Effective Date	References
May 31, 2011	Paragraphs 19.1 and 21.2
January 2, 2013	Paragraph 1.3

UL 1322

Standard for Fabricated Scaffold Planks and Stages

First Edition – March, 1975
Second Edition – September, 1979
Third Edition – September, 1984
Fourth Edition – June, 1993
Fifth Edition – June, 1998

Sixth Edition

March 31, 2010

This ANSI/UL Standard for Safety consists of the Sixth edition including revisions through December 17, 2010.

The most recent designation of ANSI/UL 1322 as an American National Standard (ANSI) occurred on December 17, 2010. ANSI approval for a standard does not include the Cover Page, Transmittal Pages, Title Page, or effective date information.

Comments or proposals for revisions on any part of the Standard may be submitted to UL at any time. Proposals should be submitted via a Proposal Request in UL's On-Line Collaborative Standards Development System (CSDS) at <http://csds.ul.com>.

UL's Standards for Safety are copyrighted by UL. Neither a printed nor electronic copy of a Standard should be altered in any way. All of UL's Standards and all copyrights, ownerships, and rights regarding those Standards shall remain the sole and exclusive property of UL.

INTRODUCTION

1 Scope

1.1 These requirements cover the following;

- a) Wood, metal, or a combination of wood and metal fabricated planks;
- b) Fabricated platforms for use with suspended, fixed, or rolling scaffold;
- c) Modular suspended platforms;
- d) Scaffold decks;
- e) Mobile work stands; and
- f) Work cages (baskets).

1.1 revised March 31, 2010

1.2 These requirements do not cover:

- a) Suspended scaffold components,
- b) Accessories for use with or in the erection of fixed or rolling scaffolds,
- c) *Deleted.*
- d) The construction or installation of scaffolding,
- e) Hoists intended for use with suspended scaffolds, or
- f) Suspended platforms utilizing angled or articulating sections, or
- g) Platforms with more than two suspension points.

1.2 revised March 31, 2010

1.3 Welded frame and system scaffold assemblies are to be additionally evaluated to Testing and Rating Scaffold Assemblies and Components, ANSI/SSFI SC100-5/05.

Added 1.3 effective January 2, 2013
