

UL 1468

STANDARD FOR SAFETY

Direct Acting Pressure Reducing and Pressure Restricting Valves

UL Standard for Safety for Direct Acting Pressure Reducing and Pressure Restricting Valves, UL 1468

Sixth Edition, Dated July 19, 2023

Summary of Topics

This new edition of ANSI/UL 1468 dated July 19, 2023 incorporates editorial changes including renumbering and reformatting to align with current style.

The revised requirements are substantially in accordance with Proposal(s) on this subject dated February 10, 2023 and June 2, 2023.

All rights reserved. No part of this publication may be reproduced, stored in a retrieval system, or transmitted in any form by any means, electronic, mechanical photocopying, recording, or otherwise without prior permission of ULSE Inc. (ULSE).

ULSE provides this Standard "as is" without warranty of any kind, either expressed or implied, including but not limited to, the implied warranties of merchantability or fitness for any purpose.

In no event will ULSE be liable for any special, incidental, consequential, indirect or similar damages, including loss of profits, lost savings, loss of data, or any other damages arising out of the use of or the inability to use this Standard, even if ULSE or an authorized ULSE representative has been advised of the possibility of such damage. In no event shall ULSE's liability for any damage ever exceed the price paid for this Standard, regardless of the form of the claim.

Users of the electronic versions of UL's Standards for Safety agree to defend, indemnify, and hold ULSE harmless from and against any loss, expense, liability, damage, claim, or judgment (including reasonable attorney's fees) resulting from any error or deviation introduced while purchaser is storing an electronic Standard on the purchaser's computer system.

1

UL 1468

Standard for Direct Acting Pressure Reducing and Pressure Restricting

Valves

The first and second editions were titled Direct-Acting Pressure-Reducing and Pressure-Control Valves for Fire-Protection Service.

First Edition – January, 1985

Second Edition – May, 1991

Third Edition – May, 1995

Fourth Edition – May, 2004

Fifth Edition – May, 2016

Sixth Edition

July 19, 2023

This ANSI/UL Standard for Safety consists of the Sixth Edition.

The most recent designation of ANSI/UL 1468 as an American National Standard (ANSI) occurred on July 19, 2023. ANSI approval for a standard does not include the Cover Page, Transmittal Pages, and Title Page.

Comments or proposals for revisions on any part of the Standard may be submitted to ULSE at any time. Proposals should be submitted via a Proposal Request in ULSE's Collaborative Standards Development System (CSDS) at <https://csds.ul.com>.

Our Standards for Safety are copyrighted by ULSE Inc. Neither a printed nor electronic copy of a Standard should be altered in any way. All of our Standards and all copyrights, ownerships, and rights regarding those Standards shall remain the sole and exclusive property of ULSE Inc.
