UL Standard for Safety for Pipe Hanger Equipment for Fire Protection Service, UL 203

Tenth Edition, Dated February 3, 2015

Summary of Topics

This new edition of ANSI/UL 203 was issued to incorporate the following changes in requirements:

1. Clarification of Requirements for Brackets in Paragraphs 6.2 and 6.3; Clarification of Requirements for Pipe Hangers in Paragraph 6.7; and Clarification of Requirements for the Installation of Hangers in Paragraph 16.2

The new and revised requirements are substantially in accordance with Proposal(s) on this subject dated September 26, 2014.

UL provides this Standard "as is" without warranty of any kind, either expressed or implied, including but not limited to, the implied warranties of merchantability or fitness for any purpose.

In no event will UL be liable for any special, incidental, consequential, indirect or similar damages, including loss of profits, lost savings, loss of data, or any other damages arising out of the use of or the inability to use this Standard, even if UL or an authorized UL representative has been advised of the possibility of such damage. In no event shall UL's liability for any damage ever exceed the price paid for this Standard, regardless of the form of the claim.

Users of the electronic versions of UL's Standards for Safety agree to defend, indemnify, and hold UL harmless from and against any loss, expense, liability, damage, claim, or judgment (including reasonable attorney's fees) resulting from any error or deviation introduced while purchaser is storing an electronic Standard on the purchaser's computer system.

The requirements in this Standard are now in effect, except for those paragraphs, sections, tables, figures, and/or other elements of the Standard having future effective dates as indicated in the note following the affected item. The prior text for requirements that have been revised and that have a future effective date are located after the Standard, and are preceded by a "SUPERSEDED REQUIREMENTS" notice.
