UL Standard for Safety for Lined Fire Hose for Interior Standpipes, UL 219

Fourth Edition, Dated October 25, 2013

SUMMARY OF TOPICS

This new edition of ANSI/UL 219 includes the following:

- 1. Revision to scope with respect to NFPA references, paragraphs 1.1, 1.2, 1.3**
- 2. Revision to correct typographical error, paragraph 6.3**
- 3. Revision to Kink Test with respect to hose length, paragraphs 9.1.1, 9.3.1**
- 4. Revision to Repeated Bending Test to add tolerances to test parameters, paragraph 11.2.1**
- 5. Revision to Ozone-Exposure Test with respect to outside reference, paragraphs 20.2.1, 20.3.1**

The revised requirements are substantially in accordance with Proposal(s) on this subject dated June 21, 2013 and August 30, 2013.

All rights reserved. No part of this publication may be reproduced, stored in a retrieval system, or transmitted in any form by any means, electronic, mechanical photocopying, recording, or otherwise without prior permission of UL.

UL provides this Standard "as is" without warranty of any kind, either expressed or implied, including but not limited to, the implied warranties of merchantability or fitness for any purpose.

In no event will UL be liable for any special, incidental, consequential, indirect or similar damages, including loss of profits, lost savings, loss of data, or any other damages arising out of the use of or the inability to use this Standard, even if UL or an authorized UL representative has been advised of the possibility of such damage. In no event shall UL's liability for any damage ever exceed the price paid for this Standard, regardless of the form of the claim.

Users of the electronic versions of UL's Standards for Safety agree to defend, indemnify, and hold UL harmless from and against any loss, expense, liability, damage, claim, or judgment (including reasonable attorney's fees) resulting from any error or deviation introduced while purchaser is storing an electronic Standard on the purchaser's computer system.

The requirements in this Standard are now in effect, except for those paragraphs, sections, tables, figures, and/or other elements of the Standard having future effective dates as indicated in the note following the affected item. The prior text for requirements that have been revised and that have a future effective date are located after the Standard, and are preceded by a "SUPERSEDED REQUIREMENTS" notice.

UL 219

Standard for Lined Fire Hose for Interior Standpipes

First Edition – January, 1983

Second Edition – April, 1993

Third Edition – October, 2006

Fourth Edition

October 25, 2013

This ANSI/UL Standard for Safety consists of the Fourth Edition.

The most recent designation of ANSI/UL 219 as an American National Standard (ANSI) occurred on October 24, 2013. ANSI approval for a standard does not include the Cover Page, Transmittal Pages, Title Page, or effective date information.

UL's Standards for Safety are copyrighted by UL. Neither a printed nor electronic copy of a Standard should be altered in any way. All of UL's Standards and all copyrights, ownerships, and rights regarding those Standards shall remain the sole and exclusive property of UL.

Comments or proposals for revisions on any part of the Standard may be submitted to UL at any time. Proposals should be submitted via a Proposal Request in UL's On-Line Collaborative Standards Development System (CSDS) at <http://csds.ul.com>.
