

UL 2801

Standard for Sustainability for Printing Inks

Standard for Sustainability for Printing Inks, UL 2801

First Edition, Dated July 18, 2012

Summary of Topics

This revision of the Standard for Sustainability for Printing Inks, UL 2801 is to delete De-inking criteria, Section 11, to align with ISO TC 130/WG11 on Environmental Impact on Graphics Technology and to expand the standard to include Water-based Optimizers

All rights reserved. No part of this publication may be reproduced, stored in a retrieval system, or transmitted in any form by any means, electronic, mechanical photocopying, recording, or otherwise without prior permission of UL.

UL provides this Standard “as is” without warranty of any kind, either expressed or implied, including but not limited to, the implied warranties of merchantability or fitness for any purpose.

In no event will UL be liable for any special, incidental, consequential, indirect or similar damages, including loss of profits, lost savings, loss of data, or any other damages arising out of the use of or the inability to use this Standard, even if UL or an authorized UL representative has been advised of the possibility of such damage. In no event shall UL's liability for any damage ever exceed the price paid for this Standard, regardless of the form of the claim.

Users of the electronic versions of UL's Standards agree to defend, indemnify, and hold UL harmless from and against any loss, expense, liability, damage, claim, or judgment (including reasonable attorney's fees) resulting from any error or deviation introduced while purchaser is storing an electronic Standard on the purchaser's computer system.
