October 23, 2017

TO: Subscribers to UL's Standards Service for
Outline of Investigation for Sustainability for Digital Cameras;
Outline of Investigation for Sustainability for Mobile Hotspots;
Outline of Investigation for Sustainability for Wearable Electronics Products

Summary of Topics

UL announces the availability of the Outline of Investigation for Sustainability for Portable Electronic Products, UL 2710

Underwriters Laboratories Inc. has issued an Outline of Investigation for Sustainability for Portable Electronic Products, UL 2710. The outline is designed to reduce adverse environmental and social impacts associated with the design, manufacture, use, and end of life management of portable electronic products. The goal of this outline of investigation is to establish a set of multi-sustainability performance criteria addressing the life cycle impacts of the product that may be used to evaluate the sustainability performance of portable electronic products.

The publication of the First Issue of the Outline of Investigation for Sustainability for Portable Electronic Products, UL 2710, replaces the Outline of Investigation for Sustainability for Digital Cameras, UL 2810; the Outline of Investigation for Sustainability for Mobile Hotspots, UL 2853; and the Outline of Investigation for Sustainability for Wearable Electronics Products, UL 2887. These three outlines will be withdrawn at a future date.

At the time of withdrawal, current paid subscribers of UL's Standards Service for UL 2810, UL 2853, and UL 2887 would have the unused portion of their subscriptions transferred to a subscription to UL 2710. You will also have access to future Work Areas in UL's Collaborative Standards Development System (CSDS).

Complimentary subscriptions for UL 2810, UL 2853, and UL 2887 will be discontinued. Those interested in a paid subscription to UL 2710 are asked to contact Comm 2000 at 1-888-UL33503.

Manufacturers interested in submitting equipment for Listing should contact UL's Customer Service at 1-877-854-3577 or e-mail at cec@ul.com.
