

UNDERWRITERS LABORATORIES INC. CERTIFICATION REQUIREMENT DECISION

This Certification Requirement Decision is prepared by UL LLC. It is normative for the applicable UL Product Certification Program(s); however, it is currently not part of the UL Standard(s) referenced below.

Product Category (CCN): FDDR, FDDR7

Standard Number: UL 325

Standard Title: Standard for Door, Drapery, Gate, Louver, and Window Operators and Systems

Edition Date: May 19, 2017

Edition Number: 7

Section / Paragraph Reference: 34 Note

Subject: Clarification of Section 34 for Vertically Moving Combination Rigid One-Piece Overhead Residential Garage Door and Operator System

DECISION:

Add NEW Note after Section 34 Heading

34 Vertically Moving Combination Rigid One-Piece Overhead Residential Garage Door and Operator System

Note: Section 34 applies only to products produced and sold as a system, with rigid one-piece overhead door and the door operator together, as defined in 4.2. Section 34 does not apply to a residential garage door operator as defined in 4.19 that is manufactured and intended for sale separate from the door, and that may be intended for installation on a standard one-piece door in the field.

RATIONALE FOR DECISION:

Section 34 is intended to apply only to specific products that are combination one-piece rigid doors and the operator as a designed system. Section 34 is not intended to apply to residential garage door operators that are sold separate from the door, and that may be intended to installation on a standard or common one piece door. The additional note added to Section 34 provides clarification of this intent. This Certification Requirement Decision represents present practice.
