

Subject 4

July 26, 2013

SUMMARY OF TOPICS

The following is being proposed:

1. Reaffirmation and Continuance of the Fifteenth Edition of the Standard for Armored Cable, UL 4, as an American National Standard.

STP BALLOTS DUE: September 9, 2013

COMMENTS DUE: September 9, 2013

1. Reaffirmation and Continuance of the Fifteenth Edition of the Standard for Armored Cable, UL 4, as an American National Standard.

RATIONALE

Proposal submitted by: Diana Pappas Jordan, Underwriters Laboratories Inc.

UL is proposing to reaffirm the ANSI approval of UL 4. The status of ANSI approval is required to be updated by a positive, consensus reaffirmation of the standard by the STP if the standard has not been otherwise updated in the consensus process during the preceding five years.

UL is seeking only to maintain the currently published requirements in UL 4 as an American National Standard. There are no new revisions being proposed at this time. A reaffirmation is a Yes/No vote provided by the STP on whether or not to reaffirm the standard "as is." Any specific comment on the standard or proposed change to the standard should be submitted as a new Proposal Request in CSDS for future consideration.

PROPOSAL

UL is proposing to reaffirm the ANSI approval of the Fifteenth Edition of the Standard for Armored Cable, UL 4. To view the current standard, click on the Standard under the "Quick View" menu on the right hand side of the work area screen in CSDS.
