

UL 437

STANDARD FOR SAFETY

Key Locks

UL Standard for Safety for Key Locks, UL 437

Eighth Edition, Dated May 15, 2013

Summary of Topics

This revision of ANSI/UL 437 is issued to reaffirm approval as an American National Standard.

Text that has been changed in any manner or impacted by UL's electronic publishing system is marked with a vertical line in the margin.

The revised requirements are substantially in accordance with Proposal(s) on this subject dated June 9, 2017.

All rights reserved. No part of this publication may be reproduced, stored in a retrieval system, or transmitted in any form by any means, electronic, mechanical photocopying, recording, or otherwise without prior permission of UL.

UL provides this Standard "as is" without warranty of any kind, either expressed or implied, including but not limited to, the implied warranties of merchantability or fitness for any purpose.

In no event will UL be liable for any special, incidental, consequential, indirect or similar damages, including loss of profits, lost savings, loss of data, or any other damages arising out of the use of or the inability to use this Standard, even if UL or an authorized UL representative has been advised of the possibility of such damage. In no event shall UL's liability for any damage ever exceed the price paid for this Standard, regardless of the form of the claim.

Users of the electronic versions of UL's Standards for Safety agree to defend, indemnify, and hold UL harmless from and against any loss, expense, liability, damage, claim, or judgment (including reasonable attorney's fees) resulting from any error or deviation introduced while purchaser is storing an electronic Standard on the purchaser's computer system.

UL 437

Standard for Key Locks

First Edition – December, 1953

Second Edition – May, 1973

Third Edition – January, 1975

Fourth Edition – September, 1979

Fifth Edition – February, 1986

Sixth Edition – November, 1994

Seventh Edition – August, 2000

Eighth Edition

May 15, 2013

This ANSI/UL Standard for Safety consists of the Eighth Edition including revisions through October 24, 2017.

The most recent designation of ANSI/UL 437 as a Reaffirmed American National Standard (ANS) occurred on October 24, 2017. ANSI approval for a standard does not include the Cover Page, Transmittal Pages, and Title Page.

Comments or proposals for revisions on any part of the Standard may be submitted to UL at any time. Proposals should be submitted via a Proposal Request in UL's On-Line Collaborative Standards Development System (CSDS) at <https://csds.ul.com>.

UL's Standards for Safety are copyrighted by UL. Neither a printed nor electronic copy of a Standard should be altered in any way. All of UL's Standards and all copyrights, ownerships, and rights regarding those Standards shall remain the sole and exclusive property of UL.
