UL Standard for Safety for Flame Arresters, UL 525

Eighth Edition, Dated May 9, 2008

Summary of Topics

This revision of ANSI/UL 525 is being issued to reflect the reaffirmation of ANSI approval. No changes in requirements have been made.

Text that has been changed in any manner or impacted by UL's electronic publishing system is marked with a vertical line in the margin. Changes in requirements are marked with a vertical line in the margin and are followed by an effective date note indicating the date of publication or the date on which the changed requirement becomes effective.

The revisions dated August 10, 2012 include a reprinted title page (page 1) for this standard.

All rights reserved. No part of this publication may be reproduced, stored in a retrieval system, or transmitted in any form by any means, electronic, mechanical photocopying, recording, or otherwise without prior permission of UL.

UL provides this Standard "as is" without warranty of any kind, either expressed or implied, including but not limited to, the implied warranties of merchantability or fitness for any purpose.

In no event will UL be liable for any special, incidental, consequential, indirect or similar damages, including loss of profits, lost savings, loss of data, or any other damages arising out of the use of or the inability to use this Standard, even if UL or an authorized UL representative has been advised of the possibility of such damage. In no event shall UL's liability for any damage ever exceed the price paid for this Standard, regardless of the form of the claim.

Users of the electronic versions of UL's Standards for Safety agree to defend, indemnify, and hold UL harmless from and against any loss, expense, liability, damage, claim, or judgment (including reasonable attorney's fees) resulting from any error or deviation introduced while purchaser is storing an electronic Standard on the purchaser's computer system.

The requirements in this Standard are now in effect, except for those paragraphs, sections, tables, figures, and/or other elements of the Standard having future effective dates as indicated in the note following the affected item. The prior text for requirements that have been revised and that have a future effective date are located after the Standard, and are preceded by a "SUPERSEDED REQUIREMENTS" notice.

UL 525

Standard for Flame Arresters

The first and second editions were titled Flame Arresters for Use in Open Vent Pipes of Oil Storage Tanks.

The third, fourth, and fifth editions were titled Flame Arresters for Use on Vents of Storage Tanks for Petroleum Oil and Gasoline.

First Edition – December, 1936
Second Edition – July, 1946
Third Edition – September, 1973
Fourth Edition – June, 1979
Fifth Edition – December, 1984
Sixth Edition – December, 1994
Seventh Edition – February, 2004

Eighth Edition

May 9, 2008

This ANSI/UL Standard for Safety consists of the Eighth edition including revisions through August 10, 2012.

The most recent designation of ANSI/UL 525 as a Reaffirmed American National Standard (ANS) occurred on August 10, 2012. ANSI approval for a standard does not include the Cover Page, Transmittal Pages, Title Page, or effective date information.

Comments or proposals for revisions on any part of the Standard may be submitted to UL at any time. Proposals should be submitted via a Proposal Request in UL's On-Line Collaborative Standards Development System (CSDS) at <http://csds.ul.com>.

UL's Standards for Safety are copyrighted by UL. Neither a printed nor electronic copy of a Standard should be altered in any way. All of UL's Standards and all copyrights, ownerships, and rights regarding those Standards shall remain the sole and exclusive property of UL.
