

UNDERWRITERS LABORATORIES INC. CERTIFICATION REQUIREMENT DECISION

This Certification Requirement Decision is prepared by UL LLC. It is normative for the applicable UL Product Certification Program(s); however, it is currently not part of the UL Standard(s) referenced below.

Product Category (CCN): KEFX

Standard Number: UL 60335-2-8

Standard Title: Standard for Particular Requirements for Hair Clippers and Shavers

Edition Date: June 25, 2018

Edition Number: 6

Section / Paragraph Reference: 25.1DV.1.1

Subject: Nonpolarized Attachment Plugs for Class II Shavers

DECISION:

25.1DV.1.1 DR Modification to replace 25.1DV.1.1 of the Part 1 with the following:

The SUPPLY CORD of appliances incorporating a screwshell type lampholder ~~or~~ and of appliances, other than Class II shavers, incorporating a manually operated, mains connected, single-pole switch intended for appliance on-off operation shall be fitted with a polarized attachment plug. The switch shall be electrically connected to a terminal or lead intended for connection to an ungrounded conductor of the supply circuit.

RATIONALE FOR DECISION:

The NEC includes an exception to the polarization requirements for double insulated shavers in 422.40. This was previously allowed in the 5th edition, Clause 22.104DV.5.1, and in UL 1028, so it is representative of current practice.
