Underwater Luminaires and Submersible Junction Boxes
Other Interested Parties**

**SUBJECT: Request for Comments on Proposed Requirements for the Eighth Edition of the
Standard for Underwater Luminaires and Submersible Junction Boxes, UL 676;
PROPOSED EFFECTIVE DATES**

SUMMARY OF TOPICS

This bulletin proposes the following changes in requirements:

1. Clarify requirements for flexible cord type designations in Flexible Cord and Connectors, Section 7.

2. Revise requirements for submersible luminaires not requiring an equipment grounding conductor in Power Supply Connections, Section 44.

COMMENTS DUE: OCTOBER 29, 2004

Attached as Appendix A for your review and comment are proposed requirements for UL 676. Attached as Appendix B for your review and comment are the impact statement(s) and proposed effective date(s). Questions regarding interpretation of requirements should be directed to the responsible UL Staff.

Please note that proposed requirements are of a tentative and early nature and are for review and comment only. Current requirements are to be used to judge a product until these requirements are published in final form.

PRODUCTS AND INDUSTRIES AFFECTED BY THE PROPOSALS

UL requests your assistance in identifying other products or industries that might be affected by the requirements contained in this bulletin. UL suggests that all suppliers or customers for these products and industries be made aware of these requirements prior to their proposed effective date. Also, please forward your suggestions to UL so that these products and industries may be identified in future bulletins.

Comments should be made in writing and may be sent by fax to 408-556-6045 or by mail to the attention of Michael Hieb at UL's Santa Clara, CA office. Comments may also be sent via E-mail to "michael.j.hieb@us.ul.com". Please reference all correspondence to Subject 676. Note all comments received are public and may be circulated to others. If you respond by fax or E-mail, please include your full name and company name and address to ensure a reply.

Unless specifically requested to do so, UL will not acknowledge comments indicating concurrence with these proposals.
