UNDERWRITERS' LABORATORIES OF CANADA (ULC) is a not-for-profit organization incorporated in 1920 by letters patent issued by the Canadian government. It maintains and operates laboratories and a certification service for the examination, testing and classification of devices, constructions, materials and systems to determine their relation to life, fire and property hazards. Underwriters' Laboratories of Canada also develops and publishes standards, classifications and other recognized documents for products having a bearing on fire, accident, or property hazards.

Underwriters' Laboratories of Canada is accredited by the Standards Council of Canada as a Certification Organization and a Standards Writing Organization under the National Standards System of Canada.

Other Recognized Documents developed by Underwriters' Laboratories of Canada are developed in accordance with the procedure outlined in the document CAN-P-3 "Criteria and Procedures for Accreditation of Certification Organizations" published by the Standards Council of Canada.

The headquarters of Underwriters' Laboratories of Canada is located in Scarborough, Ontario and in addition ULC is represented across Canada as well as in the United States of America, Britain, Europe and Japan.

THE STANDARDS COUNCIL OF CANADA is the coordinating body of the National Standards System, a federation of independent autonomous organizations working towards the further development and improvement of voluntary standardization in the national interest.

The principal objects of the Council are to foster and promote voluntary standardization as a means of advancing the national economy, benefitting the health, safety and welfare of the public, assisting and protecting the consumer, facilitating domestic and international trade, and furthering international cooperation in the field of standards.

The National Standards System of Canada accepts the use of Other Recognized Documents (ORD's) as defined in CAN-P-3 "Criteria and Procedures for Accreditation of Certification Organizations" published by the Standards Council of Canada.

The Standards Council of Canada is located at 350 Sparks Street, Ottawa, Ontario.
